

Going Forward

Congratulations we did it! The opportunity to take the CAT ended on Monday. Thank you to the 64 people who completed and submitted the survey. So now what? Holy Cow! Consulting will tabulate the answers and generate a report. Our Diocesan consultant, Fr. Kevin Caruso, will address a joint meeting of the Search Committee and the Vestry to help us understand the findings and what they tell us about Church of the Ascension. This information is very useful to a potential candidate who can then assess if Ascension is a place where they would like to serve.

The findings will be made available to the parish at large. Small groups will be formed and will contribute information about Ascension as a supplement to the findings of the survey. They will also help the committee to understand the skills and characteristics needed in the next rector.

Blessings,
The Rector Search Committee
